

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

HB 66 – SB 373

March 15, 2019

SUMMARY OF BILL: Reduces, from 30 to 15 percent, the impact of student achievement data on determining teacher evaluation scores for teachers without access to certain student growth data. Authorizes a teacher to elect to include an additional 15 percent of the evaluation criteria to be based on student growth, and requires that the qualitative portion be increased to account for the remainder of the teacher's evaluation.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures – \$31,000/One-Time

Assumptions:

- Changing the formula for determining teacher evaluation scores will require a modification to TNCompass, which is the platform that integrates educator evaluation and licensure information.
- Randa, the TNCompass vendor, will make such modifications to TNCompass.
- Based on a similar reconfiguration of TNCompass, the one-time increase in state expenditures is estimated to be \$31,000.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
